2. [REDACTED] GLC) Mr. Victor Zafra, in the Office of Management and Budget, called to say that OMB might be requesting our views on H.R. 3946, a bill to provide the equivalent of hostile fire pay to the two civilians who were part of the crew of the Pueblo. Zafra pointed out that this bill raises the question as to whether there should be general legislation on this subject. He said he was requesting the views of DOD, State, and AID and others and would be interested in any comment which we might have on the subject.

Zafra said that despite his efforts he had not received even a preliminary report from Treasury on our retirement legislation as Treasury had promised. He said he would get on this again on Tuesday. I told him we would very much appreciate anything he could do to break this loose.
